RELISH RECORDINGS PROMO SHEET

HEADMAN 'DREAMPIECES/DIRT' 12"

RELEASE DATE JULY 6TH 2009

Headman aka Robi Insinna is back on his own Relish label with the third single off his 'Catch Me' album, released in 2008 on Gomma.

On the A side is 'Dreampieces - Alternative Version' featuring Jeremy Kerr of A Certain Ratio on vocals and Dennis Young of Liquid Liquid on percussion. It also features a remix by renowned London based Japanese producer Zongamin, whose track 'Azzazza' itself just recently got the Headman treatment.

Additionally Robi delivers a completely new track called 'Dirt', featuring vocals by Sydney's Katrina Noorbergen, who is the frontwoman for recent Sony signees Cassette Kids. The C90s - after remixing acts like Soft Cell, Cut Copy, Late of the Pier and Jamie Lidell - come up with a great disco influenced club banger with their remix.

Also in the pipeline this year for Robi is a collaboration with Yello's Dieter Meier and the release of the second Relish compilation.
